Education

Gayatri Vidya Parishad College of Engineering(Autonomous)

Nov 2022 – Present

B.Tech CSE

Visakhapatnam, AP

- CGPA: 8.89 / 10 (till present)

Relevant Coursework

- Data Structures
- OOPs
- Machine Learning
- FLAT
- Operating Systems
- Database Management
- Computer Networks
- Computer Organization

Technical Skills

Languages: C, C++, Java, Python, HTML, CSS, JavaScript, SQL

Web Technologies: React.js, Node.js, Express.js

Developer Tools: VS Code, Git, GitHub, Android Studio, AWS, Vercel, Postman

Databases: MongoDB, MySQL

Core Concepts: Object-Oriented Programming (OOPs), Data Structures, Algorithms

Experience

AICTE

May 2024 – July 2024

AWS Cloud Virtual Internship

- Hands-on experience with AWS services and tools such as EC2, Lambda, S3, and DynamoDB.
- Designed, built, and deployed a simple serverless web application on AWS.
- Implemented performance monitoring and optimized cloud-native development.

AICTE

May 2025 – July 2025

Google Android Developer Virtual Internship

- Completed the Google Android Virtual Internship, gaining hands-on experience in mobile application development, Android Studio, and UI/UX design principles.
- Finished building Android applications using Kotlin and Jetpack Compose with end-to-end lifecycle experience.
- Implemented interactive mobile apps featuring state management, responsive layouts, and performance optimization.

Projects

Job Portal | MongoDB, Express.js, React.js, Node.js, Clerk, Sentry

June 2025

- Developed a full-stack Job Portal using MongoDB, Express.js, React.js, Node.js, and Clerk authentication; enabled job seekers to search and apply for jobs and upload resumes.
- Designed and implemented a Recruiter Dashboard to post and manage job listings, review applications, and accept/reject candidates.
- Deployed the application on Vercel, ensuring scalability, reliability, and seamless user access.

Learning Management System (LMS) | MongoDB, Express.js, React.js, Node.js, Clerk

September 2025

- Enhanced a full-stack LMS application with secure Clerk authentication, allowing students to enroll in courses and track progress.
- Planned educator dashboards to create, manage, and publish courses, ensuring smooth collaboration between educators and learners.
- Deployed the application on Vercel, ensuring scalability, reliability, and seamless user access.

Serverless Web Application | AWS (Lambda, API Gateway, DynamoDB, S3, CloudFront)

May 2024

- Developed a serverless web application on AWS enabling scalable website hosting without traditional servers.
- Applied a real-time visitor counter using DynamoDB and API Gateway for accurate user tracking.
- Utilized S3 and CloudFront for static hosting and optimized content delivery.

Certifications / Achievements

- Completed 22-week course on GfG 160- 160 Days of Problem Solving by GeeksforGeeks
- Completed The Complete Full-Stack Web Development Bootcamp by UDEMY
- Represented CSE Dept. as an opening batsman in the GPL cricket tournament for two consecutive years.
